## LETTO ADA

Design: R&D Twils

Non fatevi ingannare dai contorni delicati, che sembrano disegnati con una matita a punta morbida: Ada ha molto carattere. I profili ribattuti sono la cifra del suo stile: attuale e un po' romantico, lo sappiamo.

Don't be taken in by the soft lines which look as if they have been drawn with a soft pencil: Ada is full of character. The riveted profiles are the trademark of its style, which is contemporary and just a bit romantic, we know.

## Letto Maya Estraibile Mod. 8 con bordo rivestito

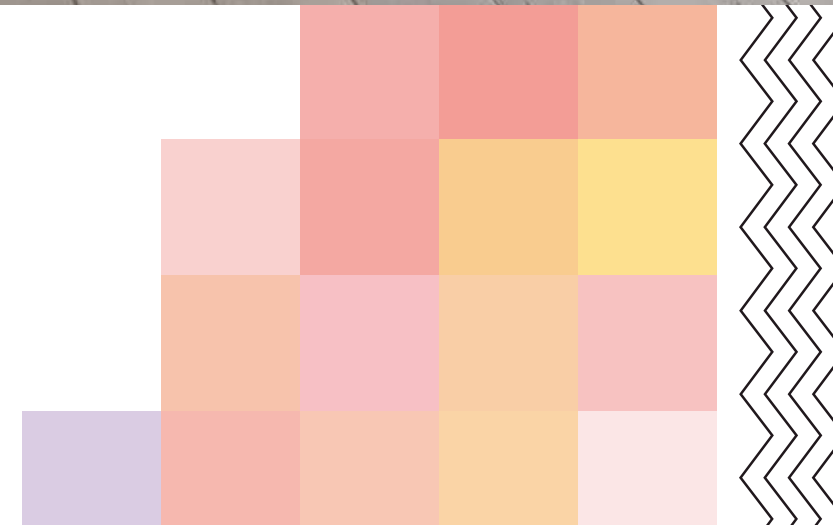

Design: R&D Twils

Oltre vent'anni fa abbiamo ideato le forme armoniose di Maya Mod. 8, un nostro evergreen. Talmente originale che in tanti hanno cercato di imitarlo, come accade ai prodotti di grande successo. Persino nel nome. Ma il Mod. 8 è firmato Twils, solo Twils.

Eccolo con un dettaglio sartoriale: il bordo di colore a contrasto lungo i contorni. Always fashionable.

More than twenty years ago, we created the flowing lines of Maya Mod. 8, our evergreen bed. It is so original, many people have tried to copy it, as always happens with hit products. Even the name. But Mod. 8 is by Twils and Twils alone.

Here it has been given a bespoke detail: the trim along the edge in a contrasting colour. Always fashionable.

### Programma Vision e Letto Sommier

Design: Studio Balutto Associati e R&D Twils

Siamo sempre alla ricerca di soluzioni che rendano la casa più pratica e vivibile. Come questi nuovi contenitori a una e due ante del programma Vision, contemporanei e razionali. Più spazio, più colore, più luce, più allegria.

Every day we work to come up with solutions that make our homes more practical and liveable. Like these new one and two-door containers in the Vision range, contemporary and rational. More space, more colour, more light, more fun.

SOLUTION "1"

Serve uno spazio dove studiare, disegnare, usare il portatile? L'anta a ribalta del contenitore sospeso diventa uno scrittoio, e sulla mensola interna trovano spazio i libri, la cancelleria e gli oggetti personali. Tutto a portata di mano.

Need a space where you can study, draw or use your laptop? The drop-down door of the suspended container becomes a desk, and there is room for books, stationery and your personal belongings on the shelf inside. Everything is within easy reach.

La camera è il nostro territorio, lo spazio privato del nostro quotidiano. Ma se si deve ospitare un amico? Con Vision è facile, perché l'elemento quadrato a due ante nasconde un letto, comodo e facilissimo da estrarre. I like it.

Your bedroom is your domain, your private space in your busy life. But what if you have a friend over for the night? It's no problem with Vision because the two-doored square unit conceals a comfortable bed that is easy to pull out. I like it.

SOLUTION "2"

Le ante dei contenitori Vision, così come i pannelli della boiserie, sono rivestite con i tessuti che avremo scelto dal campionario Twils. Ogni composizione è quindi personalizzabile sia nella configurazione che nell'estetica.

The doors of the Vision containers, like the wall panels, are upholstered with fabrics from the Twils selection. So the configuration and look of each composition can be personalised.

Un semplice Sommier accostato alla Boiserie può essere utilizzato anche come divano, con l'aggiunta di qualche soffice e colorato cuscino. I contenitori possono anche essere a giorno, diventando capienti librerie. Vision è fantasia.

A Sommier placed up against the wall panels can also be used as a sofa if you add a couple of soft, coloured cushions. The containers can also be open, becoming spacious bookcases. Vision is imagination.

Se lo spazio lo consente, si possono creare ampie composizioni dove la Boiserie, i contenitori chiusi e quelli a giorno si alternano assecondando le nostre esigenze pratiche. Un letto in più, spazio in più, tanti amici in più #friendly

If you have enough space, you can create large compositions arranging the panels and the open and closed containers any way you want to meet your practical requirements. An extra bed, more space, more friends #friendly
